

Nurse Tank Testing Workshop

Tuesday, August 29, 2017 - Gilbert Franklin Twp. Fire & Rescue Agency

The Agribusiness Association of Iowa (AAI) is working with USDOT and IDALS to provide you with accurate information on becoming qualified to test your own tanks at your own facilities. 1. Contact your insurance agent with regards to your company liability if you choose to certify your own staff. 2. For a complete list of all of the requirements to be certified and the record keeping required please go to <http://www.nursetank.org> and go to nurse tank inspector information.

U.S. Department of Transportation will present the following:

Introduction

Registration/Inspector Qualifications/HM training

Pressure Test, Leakage & Test Thickness

Record Keeping

NH3 Data Plates & IDALS

Overview of HAZMAT Textbook

External Visual Inspection

Venting

Nurse Tank Testing Demonstration

Inspectional Observations & Violations
